It is printed on a large sheet, twenty-sever by forty-two inches, and is furnished at the low prices stated below. It contains all the original matter of the Daily National Republican, with the exception of local news not interesting to country sub-

It will give full reports of the proceedings of ingress, and of the other Departments of the National Government.

It contains all the news of the day, foreign and domestic, markets, &c., &c., as well as an original correspondence from all parts of the country. The miscellaneous department will receive special attention, and, in all respects, the effort will be made to establish the charac ter of the National Republican as a Family Newspaper.

Washington being now the central point of the current military operations, great attention will be paid to furnishing the readers of the THOUSANDS OF LIVES MAY BE BAVED BY National Republican with full, and especially with accounts, accounts of the progress of th war for the Union.

In politics, the paper is Republican, sustain ing the Administration of Mr. Lincoln.

There is no other Republican paper in the District of Columbia, or in the vicinity of it, and it is believed that recent events have open to such a paper an important sphere of useful effort. The time has come, when the actual administration of the Government upon Republican principles will explode the misropresentations which have made those principles so distateful to the South.

But it is not only here, and in this vicinity, that the projectors of the National Republican hope to make it useful. To the whole country they offer a journal which will discuss national politics from a national stand-point, and which will never be swerved from patriotic duty by any overpowering pressure of local interest.
